Advising Programs: Students interested in pre-professional preparation in areas such as medicine, dentistry, physical therapy, pharmacy, veterinary medicine, and law, may choose any major in any college, and may arrange to work with the appropriate pre-professional advisor to prepare for application and admission to the professional school of their choice.

1 Applications accepted from incoming freshmen only; transfers may not choose these majors.
2 A maximum of 28 credits from the Agricultural Technology program can be applied toward a four-year degree in the College of Agriculture and Life Sciences.
3 Restricted majors—over which demand far exceeds available space. Freshman students applying to these majors will automatically be considered for their 2nd choice major.
4 Students are admitted in fall semester only.
5 Portfolio review required for entry at end of freshman year.
6 The majors in orange text are not available as a second-choice major.
You should fill out the Freshman Application if:
- You are a citizen or permanent resident of the US
- You meet the minimum graduation requirements from high school.
- You have not attempted more than 12 hours at any college or university since graduating from high school.

It is the responsibility of each applicant to submit all required information and materials by the deadline and to ensure that the information is accurate. Completed applications will receive priority in the review process. Because of time constraints, it is not always possible for the admissions office to request missing information. When submitting supplemental materials separate from the application, make sure your name and high school name are included on all pieces. Also, be sure to include your current name, if different from the name on the materials.

To help us and yourself, please review the checklist below. THE UNIVERSITY RESERVES THE RIGHT TO WITHDRAW, WITHOUT NOTICE, ANY APPLICATION THAT IS NOT COMPLETE BY THE DEADLINE.
